My comments are regarding:

☐ Humbug Trail Maintenance  
Project

☒ Juniper Flat Development  
Project

☐ Klamath Patrol District  
Proposal

Comments:

Feel we need to look at opening up a trail system in the currently closed area to the north to allow access to existing trails that allow access to the National Forest lands east of Hwy 97.

Presently the limited riding in the 43 acres is great for young riders & teaching opportunities, but doesn't provide experienced rides much.

Considering the \$ being spent on the picnic & staging areas it would stand to reason expansion to allow access to much larger riding opportunities would be appropriate and provide a greater value of the grant dollars for developing this site.
